The D. pharm course run by the college is recognised by the **Pharmacy Council of India New Delhi. Government of Maharashtra and affiliated to M.S.B.T.E. Mumbai.** And B. pharm course run by the college is recognised by the **Pharmacy Council of India New Delhi. & Dr. BATU, Lonere.**

VISION AND MISSION.....

○ VISION

“To impart quality pharmaceutical education for healthcare of the society”.

○ MISSION

- To promote overall development of students through pharmaceutical education and contribute in improvement of health of the society.
- To provide state of the art infrastructure to meet the challenges of pharmacy profession.
- To promote effective teaching-learning methods by establishing and maintaining a positive atmosphere conducive to the development of qualified pharmacy professionals.

STRENGTH

- Highly experienced staff
- Creating innovative programs
- Collaborative approach with industry
- Forward thinking

FROM THE DESK OF PRINCIPAL.....

Dear Students and Parents,

Welcome to the prestigious YSPM's Sojar College of Pharmacy! It is with immense pride that I assume the role of Principal at SCOP. I am truly excited to carry forward the college's rich traditions and contribute to the continued success of our students. At SCOP, our primary goal is to ensure that every student is exceptionally well-prepared to face life's challenges upon graduation. We firmly believe that education is a collaborative effort, involving dedicated administrators, committed teachers, and motivated students. As professional administrators, we are dedicated to creating a dynamic educational program that empowers students with a global perspective. Our team comprises individuals with diverse experiences and perspectives, all united in their commitment to excellence. Together, we strive to equip learners with the skills and knowledge needed to seize enriched opportunities worldwide. Learning at Sojar College of Pharmacy offers a comprehensive package of attitude, challenge, and opportunity. It gives me great pleasure to extend a warm welcome to you at the Sojar College of Pharmacy. Embrace this exciting academic journey on our campus and make the most of the enriching experience.

■ PHARMACEUTICS DEPARTMENT

The Department of Pharmaceutics is a place where an unwavering commitment to excellence in research, instruction and service is demonstrated through the extraordinary productivity and success of our faculty, staff, and students. Pharmaceutics is the study of relationships between drug formulation, delivery, disposition, and clinical response.

Pharmaceutics is the discipline of pharmacy that deals with all facets of the process of turning a new chemical entity (NCE) into a safe and effective dosage form.

■ PHARMACEUTICAL CHEMISTRY DEPARTMENT

The department of pharmaceutical chemistry is involved in taking lectures in the subjects of general chemistry, organic chemistry, pharmaceutical medicinal chemistry and pharmaceutical analysis for the undergraduate students in the four year B. Pharm course. The curriculum includes extensive lectures and laboratory sessions to ensure that students can connect theory to practice and apply their theoretical knowledge gained.

The knowledge and expertise obtained by students from this department will aid them in synthesis of new chemical entities and standardization, interpretation of drug interactions and analysis of chemical substance for medicinal use.

■ PHARMACOGNOSY DEPARTMENT

Pharmacognosy is an important discipline in the curriculum and deals with the study of crude drugs that includes plants, animals, and marine sources. The department is engaged in undergraduate teaching and has a well-equipped laboratory and medicinal garden. The department of Pharmacognosy is engaged in imparting knowledge in the various fields of natural medicinal products through theoretical and practical mediums. We also have a Medicinal Plant Garden which is enriched with a variety of medicinal herbs.

The department is well equipped with an undergraduate research laboratory, a crude drug museum & herbarium specimen of several plant materials; and modern equipment's essential for extraction and isolations of natural medicinal products.

■ PHARMACOLOGY DEPARTMENT

The Department of pharmacology is involved in research and academic activities. The emphasis is placed on the principles of drug action and on the reactions of living processes to drugs. Our mission is to provide quality education in pharmacology and therapeutics for Pharmacy students, to educate and train graduate to carry research of recognized excellence and to participate in governance and leadership in the College.

The Pharmacology department is concerned with the study of therapeutic effects of drugs & adverse effects on living system. There is also a focus on modern technology with development of multimedia teaching methods used for theory and Practical's.

■ TRAINING & PLACEMENT CELL

The Training & Placement Department of a college plays a crucial role in bridging the gap between students and the professional world. Responsible for equipping students with the necessary skills, knowledge, & opportunities to enhance their employability. The department actively engages with industries and corporate organizations to facilitate internships, industrial visits, and campus placements. Through career counselling sessions, workshops, and seminars, they guide students in exploring career options, honing their interview skills, and preparing them for the competitive job market.

The Training & Placement Department serves as a catalyst in shaping the future of students by fostering collaborations with companies, fostering industry-academia partnerships, and providing valuable networking opportunities. Training & Placement cell is managed by Experienced Industrial professional.

■ Why to Choose SCOP ?

We promote a 'learning to learn' culture that provides life-long support in an ever changing pharmacy environment.

1. Skillful Approach Through Certification Programs

If student want to improve their academic portfolio, certification courses become a viable option. SCOP in association with leading organizations like **US Quality Pharma Industrial Training Academy Sangli** offers many certification programs.

2. Soft Skills Training Programme

The aim of this programme is to educate the students about corporate etiquettes & manner. To make students ready for job / entrepreneurship. To bridge the gap between campus to corporate. This session will help to connect their conceptual learning in classroom to happening in the real world. Also SCOP in association with leading organizations like **OpEx Accelerator Pvt. Ltd. Kolhapur, GTTF Pune, S. G. Phytopharma Pvt. Ltd. Kolhapur** offers many certification programs.

3. Research Projects, Seminars and Workshops

A compulsory component of the B. Pharmacy/ D. Pharmacy will be research projects carried out under the guidance of academic mentor. Students will be encouraged to publish their research papers and present them at conference. These program will be ensure a high level of research connect. We are in association with **Intellectual Property Intellect Services & Intellect Institute of Education & Research Pune.**
